PowerLime

NATURAL MINERAL BASED LIME

WITH HIGH CALCIUM & HIGH MAGNESIUM

Maple Orgtech (India) Ltd.

POWER LIME

Natural Mineral Based Lime

POWER LIME CAN improve pH and alkalinity in aquaculture ponds. It can be used to disinfect pond bottoms and water, to attempt to control pH and various other reasons.

Advantages

- It helps to prevent wide swings in pH.
- It contains Calcium and Magnesium which are important in animal physiology.
- Improves water penetration for acidic soil.
- Enhances the effect of fertilization.
- Improves the uptake of major plant nutrients (nitrogen, phosphorous and potassium) growing on acidic soil.
- Provides a source of calcium and magnesium for plants.

Dosage : Depends largely on the pH of the pond or the soil. Always check pH before applying Power lime. If existing pH is below 5.0, then 8.0 – 10.0 Kg/Acre.
